### **AGD Credo**

We believe in collaboration. We believe that design is the center of every great brand, website and app. That coffee has magical powers and old-fashioned sketching can unleash the depths of creativity. We believe in being accountable to our clients, in working hard, playing hard and never failing to deliver anything less than exceptional.

### Stay Connected

STAY CONNECTED

*I can't say enough good things about the team at AG Design Group. Not only do they provide amazing, professional work, but they go above and beyond to help our business succeed. They have come through on critical last minute projects and hit unthinkable deadlines, all while creating innovative and inspiring design. Arlene and Perlita are the kind of professionals every [...]*

## AGD Formula For Success

AG Design Group's equation for inspired design is a delicate balance of these characteristics—25% Communication (It needs to make sense), 25% Function (It's gotta work), 25% Intuition (It needs to feel right) and 25% Risk (It's gotta push boundaries).
